

PARENTS' QUESTIONNAIRE RESULTS

November 2015

Thank you for those of you who responded to our questionnaire. Overall the results are extremely positive.

- If you made a comment regarding concerns I will either write to you or arrange to meet with you in order to be able to discuss your concern and with the hope that you will be reassured.
- However, unfortunately I can only do this with the parents who put their child's name on the form.
- In light of this, if you made a comment and kept your form anonymous and would like to speak to me about it please feel free to come in and make an appointment, because if we are not informed of your concerns we cannot reassure you or make that difference for you.
- We will, as a staff be discussing how we can develop the homework, again, next term.
- The % of those who "don't know" if bullying is dealt with effectively I am assuming it is because your child has had no experience of this, as stated by some, because no further comments were made, which is reassuring.
- Those of you who disagreed that bullying is not dealt with effectively, but did not let me know who you are, as previously stated above, if you have a problem please come and speak to me.
- If you have any further questions or queries please make time to come in and speak to you class teacher or myself 😊
